As a club we are in charge of 'set down' at competitions, this means that fortunately, we do not have to supply any officials but we do have to help pack away at the end of the day. If anyone could stay and help at the end that would be greatly appreciated.

As we are a small squad this year, we would like if families/gymnasts could commit to staying for a morning or afternoon at competitions to help support and spot for one another. As you can imagine, it can be quite scary on the competition floor when none of your friends are there to support you.
